CMS Vidya Mandir Higher
Secondary School
Percentage: 60

INTERNSHIP AND PROJECTS

Nxtlogic Software Solutions

June 2024

I successfully completed my internship at Nxtlogic Software Solutions, where I focused on python programming and its applications in web development.

IET Project

July 2024

Developed the "Food Calorie Finder Application" a web-based platform built in Django, dedicated to simplifying the process of accessing and tracking nutritional information for diverse food items, enabling users to make informed dietary choices with ease and accuracy.

Capstone Project

November 2023

Developed "Online Document Sharing System" a web-based platform leveraging modern web technologies to provide users with a seamless and intuitive platform for sharing files while ensuring robust security measures are in place.
